# Spotlight *Catch a fire*

## Modern Wood Burning

The Wittus Cubic series brings a minimalist, contemporary feel to the wood burning fireplace. There are six models of varying sizes, with floor models ranging from seven feet to 3.5 feet high, while others are attached to a wall or corner. The product boasts high combustion temperatures and fuel efficiency as well as low atmospheric emissions.

## Outdoor Living

The Linear Burner System from Spark Modern Fires allows for customizable installation and design options thanks to its two-, four-, six- and eight-foot lengths. It features electronic ignition, waterproof components, stainless steel weather cover and remote control.

## Out of the Blue

Regency Fireplace Products introduces the Sunrise fire for its Liberty L676 direct vent fireplace and E33 direct vent insert. The innovative curved platform of the Sunrise fire accentuates the captivating yellow and orange flames, emerging from a bed of cobalt blue crystals.
